Dear

**Reference: Turfcall and Appendix A Reform Brief Pay Suggestions.**

Many many people over the last decade have been seeking to find a solution to the matters as detailed herewith in Turfcall.

The Cheltenham Festival is nearly upon us. All runners primed for action each one prepared and nurtured daily by the Lad or Lass in whose care each is placed, whilst in training. A training that is ongoing over months of patient preparation for the big day.

Turfcall requests your reactions to this “Plea For Justice” with your practical suggestions as to what we might do next to really make an immediate start and a real difference to sort this one out.

Yours sincerely

**MRS J.M.CLARKE**

PS The Cheltenham Festival was cancelled due to the foot and mouth outbreak crisis.
